## Increased Budget To Prevail In The Coming Fiscal Year

Interpreting Figures Released By City Clerk Wallis On City Operation Costs

Each year when the time comes to make up the annual tax roll and the city budget, figures show that Belle Glade is really growing at a fast rate. Basing his tax valuations on the Hunsitt appraisal, Clerk Wallis, has a long and arduous job on his hands, so as to get the computations up in time for consideration in August. He now has them ready for use of the Commission to set the budget figures and make the annual millage levy.

The tax valuation for 1949 shows a total valuation of \$7,011,913, less \$1,386,720, Homestead exemptions; less \$412,793, 50 in other exemptions; or a total exemption of \$2,185,940, plus \$1,386,720, in other exemptions or a grand total of \$6,219,653.

The total valuation in 1948 was \$6,048,677.50. The homestead exemptions showed an increase of \$561,000 over 1948 allowances.

A millage based at 14 mills on the gross tax value would raise this year, the sum of \$84,769.48, and that is the figure the City Commissioners have decided upon.

The budget which has been considered and figured out by the city officials and the Board of Commissioners, will call for \$227,150.72, as against \$167,828.68 in 1948.

The list for Anticipated tax collections during the year are: Real estate property taxes, \$85,405.50; anticipated personal property taxes, \$10,000.00.

## Several Thousand Island Workers Needed For Season

A labor meeting was held in Pahokee on Tuesday night, which was attended by about 60 of the area growers. This was to make a survey of the field as to the need or non-need of the importing of colored laborers from the Bahaman and Jamaican islands, as has been the custom for some years past.

The councilors of the evening, connected with the Federal and State Labor Department, were James Gray, of the Washington area office; Willie Sloan, from the regional office at Tallahassee, and Richard Robertson, from the State Employment office at Tallahassee.

These gentlemen talked turkey to the growers on the local labor situation, stating that the Immigration Department desired to be helpful and co-operate with growers, but that the need of imported labor would have to be set up in a definite form.

The growers were told that to date no certified application had been filed in the Belle Glade office, applying for off-shore island labor for the coming season.

## School Expenses Have Increased In Belle Glade The Past Four Years

In the past four years, Palm Beach County has grown in population and business like a rag weed, and this has meant increased expenses for the public schools, both as to enrollments, and the costs of operations, and demand for new school housing construction.

Four years ago, the budget for schools was a bit over the 2 million mark and now under the recently approved budget for 1949-50 over four million is required. The millage for the year was fixed at 15 mills, in addition to special levies in the districts, which in District 1 was fixed at 1.75 mills.

School authorities are looking for an increased enrollment of 1000 the total estimate enrollment being placed at 18,245 pupils. Thirty-seven new teachers have been added to the school faculties. Belle Glade High School will have four additional class room teachers, and the teachers will be required for the new colored elementary school, which will be in the first time this year.

The Board expects to be able to operate a full nine month term of school.

Miss Sarah Horton, who has taught in the West Bay schools for the past two years, has been granted a leave of absence from her work.

## New Sire Secured For Ensemiment Project At Station

During the past year the State Department of Agriculture has secured a pure bred Sindhi bull from India, which it placed with Ralph Kidder, stationer, who is using him in the Everglades Experiment at station, but beyond using him with station cattle, his services have not gone beyond the farm project. The interest in the bull was caused by the fact that the head of an artificial insemination station, for the use of Ohio stockmen, interested in dairy herds, as this breed of Brahman are not for beef.

This method of impregnating heifers has not been much used in this section, but in Dade, Broward, Orange and Osceola Counties there are a number of breeders who are using this system for reproduction in their herds, with much success.

The reduction in the number of calves born to the project, and the Sindhi project was one of them. It is expected to secure calves, which will have one of the D. G. and, and Richard Robertson, from the State Employment office at Tallahassee.

## Sammy VanLandingham's Left Eye

Sammy VanLandingham, now a patient at a hospital in West Palm Beach, still remains in the hospital because of the eye. Surgeons found it necessary to remove the ball of his left eye, which was badly injured by a blow from a brick.

The eye was injured by a blow from a brick, which was thrown by a man who was with him at the time. The man was later arrested and charged with assault.

## City Visitors Get Big Kick Out Of Glades Visitation

Cities Extend Hospitality To West Palm Beach Chamber Of Commerce Caravan

An invading force of some 75 from the east coast made a friendly visit to the women of the Glades area of Palm Beach and Hendry Counties, Friday afternoon, with Cleveland as the western terminus.

This was the second "Will" trip made by the West Palm Beach Chamber of Commerce headed by Ed Stumpf, its secretary, to get acquainted with Glades communities, their people and business men. The crowd came in a caravan group in private cars and bus and among the visitors was Frank Rozelle became chief pilot. The party arrived at Canal Point around four o'clock.

## Church Business Meeting

The Executive Committee meeting of the Everglades Presbyterian church, will be held at 8 o'clock on Sunday night, Thursday evening, August 25th, for transaction of pending business matters.

New Home of the Everglades Federal Savings & Loan Association being constructed at the Southeast corner of southwest First Street and Avenue B.

## Plow And Discs Busy On Lands For Coming Fall Crops

The 1949-50 citrus season, so far as the grower is concerned, is going to be a new picture, for instead of seeking buyers and selling at a low price, they are now seeking buyers for the produce of the groves, at a price that will mean profit to the grower.

## Observation

By John M. Gladhill

An Army base taken over at Sanford by the religious body known as the West Virginia Training School and Fellowship Foundation, for a few years ago purchased and rehabilitated the plant at Intercession City, which is making it a religious school and campus in Florida. It has administrative offices, school accommodations, a hospital, a trading center, and housing buildings for the aged and youth. Its upkeep comes entirely from free will gifts and wise investments.

Guests were Miss Donna Hillard of Pahokee, Mr. and Mrs. Norman Melrum of West Palm Beach, Mr. Richard Harris, Mr. Walter Hooker, Mr. and Mrs. Charles Henry, Miss Norma Weeks, Mr. and Mrs. W. F. Snyder of Miami Beach, Mrs. Rosa Nash, Mr. Charles Kelley and Mr. Carl Johnson.

**Coming Up**  
Katherine Weeks will be hostess at Ladies' Day Luncheon at 12:30 today. New members are especially welcome.

No Saturday night party will be held, because of the Elks party for the ladies tomorrow night.

Sunday night pot-luck will be served as usual, at 7:30 P.M. **House Was Never Like This: Life Can Be Beautiful!**

Mosquitoes have disappeared from the clubhouse since Sinclair-Kirchman donated a case of DDT fortified PD Spray. Two 48-inch fans from Lankey-Flankey make the Country Club the most comfortable spot in the area.

A full round of activities for the Labor Day weekend has been planned by the Board of Directors, who met last night. Details will appear in this column next week.

**Attending Youth Fellowship Assembly At Leachburg Camp**  
Miss Mary Ellen Kipper, who has served one session of the Florida Youth Association at the Leachburg Methodist camp as a counselor, has been called back for the coming two weeks, where she will serve off the Leadership committee for the Assembly program. Dr. Leavitt, representing the Community Church group as a delegate to the camp this week.

**Cinematic Chatter**  
The Hugo Theatre program is loaded with entertainment for this coming week, starting with

the Sunday offering, which brings Dick Powell, Maria Toran and Vincent Price in "Rogues Regiment," a story in which adventure flames in the world's hot spot of danger and intrigue. It is the tale of a man-hunt that comes to the last outpost of the world's most famous fighting men... the legion of adventurers, outcasts from 100 lands, living for the thrill of cold steel, the pleasure of warm lips.

On Tuesday and Wednesday comes the famous "Slattery's Hurricane," with an all star cast of players and an all out story that was filmed in Miami, with some of the shots being made during a real hurricane. Thursday-Friday brings Ryder Haggard's "She" to the screen, with an exceptional cast of players during a story that will never grow old... the tale of a girl who remained young and beautiful for 300 years.

On the stage Thursday comes Uncle Harvey and his troupe of hill-billy entertainers direct from WGBS, Miami, for a one night stand.

Yes, you have a fine week of entertainment at the Hugo Theatre for the coming week. See you at the movies—Mal.

**Give Your Home A New Look With The Aid Of An FHA Title I Loan**

Write at Belle Glade Herald office.

## Golden Ram Squad Gets First Workout Under New Coaches

Coach "Doug" Levitt, on Monday night, had the members of the 1949 group of Golden Ram football players out for their first practice of the season, some 30 players reporting. The players were coached by the 1948 squad who have developed into some pretty heavy hitters, which will add weight and power to the team. Only light practice was given after the lecture period.

Palm Beach Football Officials Association, which will assign officials for the Gulfstream Conference games, including Pahokee, Belle Glade and Clewiston, will have Dorsey Pugh, Ralph Moore, Horace Uvish, Ray Carothers, J. T. Harrell and Coach Steve Brown included in its membership.

Coach Levitt, former coach of Pahokee, is the President and Red Bender the secretary. Regular practice will be held on Monday nights during the season.

**Busse Change Schedules To Miami And Ft. Myers**

Effective August 15th buses to Miami will leave Belle Glade at 9:25 A.M., via Ft. Lauderdale. However the afternoon bus leaving here at 3:08 P.M. is now routed through Hialeah to Miami. There is no schedule. Returning, the buses leave Miami at 7:00 A.M. via Hialeah and at 1:30 P.M. via Ft. Lauderdale.

The schedules from Belle Glade to Ft. Myers are 8:25 A.M. and 3:08 P.M. run as before, but the night run at 8:53 P.M. now runs at Moore Haven. There is no change in the buses to West Palm Beach.

**Local Women Form Two Football Teams**

As a result of recent organization Belle Glade softball fans are going to have opportunity to see the "Gals" play ball. The teams will be known as the "Mermaids" under the management of Dorothy Pugh, and the "Eves", managed by Bill Misher. When out of town teams play or out of town games are scheduled, the two teams will be pooled.

The Mermaid team is composed of Boots Young, Jeanne Lane, Mary Mae Bar, Libby Thompson, Margaret Lloyd, Jepp Whitehurst, Doris Thompson, and Mrs. Paul Bardeen. The Eves will consist of Betty Erwin, Tommie Hinnings, Pat Misher, and Mrs. Greer. Joanne Whitlock, Katherine Schefflin, B. J. Beatty, Barbara Burke, Jean Hooker, and Mrs. S. J. Jones.

The local team have been scheduled at Pahokee and Lake Okechobee. The teams will be preliminary events to the regular softball games at Memorial field.

**SEVERAL THOUSAND** Continued from Page 1

ing season, with one exception, that of the U. S. Sugar Corporation, for 22nd field workers.

Growers made acknowledgment that there would be a need for such island laborers, as the domestic supply would not be sufficient for the vegetable crop harvest, especially when the piece basis of employment for field work went into operation.

The Sugar Corporation cited that at least 5 percent of the field laborers required, especially in the corn and celery harvest period, should be colored labor from the island. They agreed to sign up applications at once for such an initial quota, and

requested the Employment Bureau officials to proceed on that basis. Most of these workers will be required for day farm labor.

**Will Attend VFW Convention At Miami Next Week**

The National convention of the Veterans of Foreign Wars, Auxiliary and "Coolie" will be held in Miami, the coming week. The delegates from the Belle Glade order will be E. E. Mapp, Mrs. Clara Gledhill, Mr. and Mrs. Fred Ogden. Gledhill will also be a delegate from the "coolie" at St. Cloud. Thousands are expected to be in attendance, and on Tuesday afternoon, President Harry S. Truman will address the joint conventions.

**HOTTER IN NORTH THAN IN OUR STATE**

Mr. and Mrs. N. D. Willis have returned from a vacation as far up as Maine, where a family reunion brought N. D. and his mother together for the first time in twenty-five years at her home in Lecompton, Mo.

Not only during the trip north through Charleston, New York City and other states was the weather hot, but even in Maine. Even in Savannah where the tourists visited Mrs. Pearl Kammer, the weather made Glade weather bad, but even in Maine.

**Presbyterians Have Following Meet At Tom Watson's Home**

Mr. and Mrs. Thomas Watson, Jr., on Tuesday night, opened their home to a group of guests from the Everglades Presbyterian church, for a dinner and a get-together evangelistic program, in promotion of the special Evangelistic week to be held the first week in September, to be led by Rev. Dan Iverson, of the Shalimar Presbyterian church of Miami, at the Everglades theater.

Some sixty guests partook of the excellent pot-luck supper, which the women of the church had prepared for the occasion, and the social hour was enjoyed over the viands.

For the past several weeks, the men and women of the church in separate groups have been holding daily special services and planning for the relief of the Evangelistic week. During the church hour program, in charge of Mrs. Ed Thompson, of the Women's Guild, short talks were given on the following topics: "Visitation Evangelism," by Ben Robertson; "What the Local Woman's Church Society is Doing," by Ed Thompson; "Finances of the Church," Tom Watson, and the "Sunday School" by Superintendent Robert Lanier.

The entire evening's program was a pleasant and interesting one for all present.

Rev. Iverson has previously appeared before church and school youth groups in Belle Glade, and he is a very versatile evangelistic minister. All services of the Evangelistic week will be open to the public.

**Business Men Disclose Their Partnership**

George Hruby and A. L. Cumpston, who have carried on a partnership under the name of the Lake Shore Electric, have disclosed this arrangement, and each will carry on their own business. Mr. Hruby retains the radio shop at its present location, while Mr. Cumpston will establish his Electric Shop building on Northwest Ninth street.

**Belle Glade Wins And Loses To Pahokee Teams**

Special softball games at the field, Wednesday night, drew a fair audience, but the games were both so lopsided that they did not prove overly interesting. To see the girls play was of novelty. The Pahokee ladies who have been organized for a number of games, simply swamped our new team by a score of 14 to 1.

## City Service Commission Meets And Elects Herman Close As Chairman

The five members of the newly established City Civil Service Commission, held its first meeting on Tuesday night, and chose Herman Close as its chairman and Ivan Vanhorn as secretary. The commission will hold monthly meetings on the third Wednesday of each month at the City Hall.

Arrangements have been made with the State Employment Bureau to prepare a schedule of duties and classify the employees of the city.

The Board itself is going to work, with Mayor Julius H. Lewis, as teacher, for the purpose of studying the act under which the Commission was created.

**County Teachers Gather For Annual Work Shop**

Some 600 teachers who will be employed by the County school Board during the approaching school year, reported to their principals, early this morning, and later enrolled in the "school shop," at the High School Auditorium in West Palm Beach, as did also the faculty members of the Palm Beach County Junior College, of which Dr. Leonard is the president.

This session will last during the coming two weeks, and the programs to be presented in the evening sessions, for better teaching instruction, and most of the counties now conduct special instruction sessions.

Much of the work is done in group circles, where duties and problems affecting each of the grades are given full airing and final disposal. In addition there are special addresses by local and guest instructors noted in the educational world. These school or work shops are required under the Florida Educational Foundation, and this extra period is counted in the teacher contracts signed by faculty members.

**Station Ends Grass-Giving**

Free pasture grasses for range planting are no longer available at the Everglades Experimental station here.

Dr. Roy A. Blair, agronomist in charge of the grass nursery, explained that these grasses are no longer available commercially throughout Florida.

The experiment station, which has been supported by taxes "about not enter into competition with taxpayers by giving out or selling plant material, the same of which is providing them a living."

During the past several years the station has given away cuttings of three kinds of pasture grasses, Pangola, St. Augustine, and Carib. Many thousands of acres of pastures have been planted from these cuttings.

**POSITIONS SHIFT**

And was never headed, the final score being 7 to 2. Misher and McWhorter were the opposing pitchers.

On the Monday evening schedule Billy's and Chevrolet played the first game, which was a well played affair, with a pitcher's battle between Richmond and Chaote works for victory honors, and veteran collegian's aggression squeaked through by a margin of 4 to 2.

Richmond had his opponent goose egged up to fifth, but they got three scored across the plate in the tail end of the game. Billy's bunched his and coupled with an error, run their score of three in the third, and added one more in the fourth.

Billy's 0 0 3 1 0 0 x 4 8 8 Chevy 0 0 0 1 1 3 3 4 4 The Buick boys were out for a win against the Richmonds and they went right at the job of putting scores across the plate in the first two innings sufficient to win, but as a safety measure kept adding on in each inning, until a total of 17 had been reached. Mr. Bolin, of Cincinnati, was handling the ball, and he worked acceptably until the sixth, when his arm tired and he lost control, and Barber was called in to finish the inning. The Plumbers got a total of four runs in the game. Bolin not only did good twirling but he had three hits. John Carr appeared as a new first baseman for the Plumbers. The game was called at the end of six innings owing to time limit. Buick's 4 3 1 1 7 0 0 0 0 1 3 4 9 7

Our Independent league team journeyed to Okechobee Sunday to mix up with the Cash team, and in a well played game before an excellent audience, they won by a score of 4 to 3.

Dorsey Pugh pitched the entire game for the Independents and was given good team support. The Independents play the second position Ramblers at Lake Worth the coming Sunday.

Manager Dorsey Pugh announces that a second team benefit game will be played at Memorial Field on Wednesday night, August 24th, when Okechobee sends over its boys and

Mr. and Mrs. F. H. Hitchins and Mr. and Mrs. C. J. Jones, were called to McFies, Ga., over the weekend, by the critical illness of the father of the two women.

## SOUTH BAY BEAN CITY LAKE HARBOR

Mr. and Mrs. B. M. Fender, Miss Moneva Barger, accompanied by Major Lee of Lake Harbor and C. A. Sanders of Belle Glade were the Sunday guests of Mr. and Mrs. Alfred Vadasz at their vacation seaside cottage at Jensen Beach.

Mr. and Mrs. C. E. Crichfield were the weekend and guests of friends at Daytona Beach.

Pat and Virginia Rae Garner of Plant City have been house guests of Mrs. Joe Wall and family this past week.

Nick Bullas has returned from Hot Springs, Ark., much improved in health from the hot baths.

Mr. and Mrs. Rex Reed of Avon Park were recent visitors at the home of their daughter and her family. Mr. and Mrs. C. E. Crichfield.

J. W. Warren, Miss Claudine Chambers, Kenneth Warren.

Mrs. Mallie Fay Walker, Junior Roger and Donna Fay Walker, Mr. and Mrs. J. C. Warren, Mr. and Mrs. W. F. Ferguson and children enjoyed a barbecue picnic at Fishating Creek Sunday.

Mr. and Mrs. M. E. Cooper, Jr., and Miss Kathryn Cook returned last week from a short visit with relatives, leaving Mrs. O. B. Cook who had accompanied them for a longer visit.

Mrs. Ruth Murphy, sixth grade teacher, returned from her summer vacation in Pennsylvania the last of the week and Mrs. J. W. Mathewson over the weekend.

Miss Evelyn Lee, Major Lee of Lake Harbor, Miss Moneva Barger, Mrs. Alfred Vadasz and daughter Karen spent Saturday on the coast.

Mrs. George Jordan and sons, George and Hugh of Indian-town were the Sunday guests of Mr. and Mrs. C. E. Crichfield.

R. H. Cooper and bride, the former Mrs. Frances Rawls of Belle Glade, who were married at Valdosta, Ga., last week are honeymooning in Texas.

Dr. D. L. Campbell and William Fowler of Fort Lauderdale conducted services at the L. D. S. Church in Belle Glade Sunday and were dinner guests of Mr. and Mrs. H. B. Walker.

Mr. and Mrs. Jack Sisley of St. Petersburg were the week end guests of their niece and nephew Mr. and Mrs. S. L. Eckman.

Mrs. R. R. Roadman and daughter Miss Lucetta Campbell have returned from a months visit among relatives at Terra Haute, Indiana. They were accompanied by her father James Alsop of Tampa.

South Bay Area Farmers Busy In Their Fields

The farmer's in the South Bay-Lake Harbor-Okeelanta forming area have turned up their tractors and started fall work on a big scale.

Summer vacation time is over for the growers as well as nearly over for the school children. The land is being run down and plowed in anticipation for an early start on the fall crop of snap beans.

Planting will start on the high land around the rim of the lake within the next few weeks and hatching some disaster the first crop of fall beans can be expected to come off in September, gather momentum in October, reach a peak in November and early December.

Seed beds for celery were planted some time ago and the young plants are about ready for transplanting into the open field according to reports.

Some of the seasonal farm labor is already trickling back from northern parts although the big influx cannot be expected to return to the Glades until October.

Teacher Corps For Lake Harbor Schools

Teachers have been assigned to the Lake Harbor Elementary School for the coming year. Mrs. Ella Frewitt will be principal. Mrs. Mary Alice Kendall and Hugh Cobb teachers.

Mrs. Kendall is attending the Florida State College at Tallahassee for the summer session. The others are taking part in the fall Workshop program in West Palm Beach and at the local schools.

Southshore Plantation Birthday Party

Mrs. E. W. McLeod entertained some 40 children and their mothers at a party at the Recreation Hall at South Shore Plantation Thursday afternoon, honoring her son Kenneth on his fourth birthday.

All kinds of playground equipment were provided for the entertainment of the little guests from the plantation, Bean City, South Bay and Lake Harbor. Pictures of the children at play were taken by a movie camera.

Cake, ice-cream and soft drinks were served and each little guest received a favor.

Motor Safety Program Now On In Florida

Driver, plus driver, plus discourtesy—equal disaster. This is the formula for nearly three-fourths of all highway traffic deaths according to the Florida Department of Public Safety in its August Campaign to foster greater highway courtesy.

From all indications, the chief ingredient in most highway accidents is that big dangerous proportion of discourtesy. These accidents, stemming mainly from someone's big-headedness, contribute to about 525 deaths in Florida annually.

The Florida Department of

Safety is cooperating during August with the National Safety Council in this drive which has its slogan "Mind Your Motor Manners."

Discourtesy is so often interpreted as a mere annoyance that the public seems to lose sight of its deadliness. We tend to forgive—or at least condone—the road-hog, the lane-weaver, the speeder, and the cutter-in as long as no accident actually results from his actions. We snarl and gripe about it, but as soon as the incident is over, we're likely to be doing the very same thing ourselves within a few minutes.

This complacency and refusal to accept the fact that we are not ALWAYS right when driving contributes to more fatal accidents than all other causes combined.

The Florida Department of Public Safety and the National Safety Council classify as discourtesy such acts as: excessive speed, ignoring the right-of-way, driving under the influence of alcohol, driving on the wrong side, passing improperly, and disregarding an officer or traffic control device, according to Director H. N. Kirkman.

## Return From Coaching School

Coach "Doug" Leavitt, and Associate Coach, Jim Mayner, who have been in attendance at the Florida Coaching School at Jacksonville, have returned home, after a very beneficial session and many new turns to football regulations. The men are now in attendance at the "School Shop" sessions in West Palm Beach. Coach W. H. Cooke of Lake Worth was also an attendant at the Jacksonville convention.

Richmond is a native of West Virginia and was associated with the Goodrich Rubber factory thirteen years before coming to Belle Glade in 1930 and starting the Richmond Plumbing Company. Richmond Plumbing Company is located at 324 SE First Street. Mr. Richmond is general plumbing and sheet metal contractor, and specializes in acetylene and gas welding. He is also an electrical appliances dealer, selling all major and minor appliances, including stoves, ranges, and heaters, also Diatom Insecticide plant, which keeps ants, and roaches out of pantries, and closets. Mr. Richmond married Miss Lola Robertson, and their son, 22-year-old Benny, is a Junior at the University of Florida. Mr. Richmond served two years in the Navy during World War I, in the Pacific and South America. He is a member of the American Legion. Fraternally, he is a Mason. He helped in the move to get the National Guards to Belle Glade. Mr. Richmond is interested in all sports, especially softball. He has sponsored the Richmond Plumbing softball team, financing it completely. He was chairman of the American Junior Legion Baseball Team. Prominent in civic affairs, he is currently a member of the City Commission, and a member of the Chamber of Commerce.		 <b>Ben C. **HOME INDUSTRY IS**  
(Continued From Page 1)

ounded to fit most of the automobiles and are very easily attached, and adds a streamline effect to cars.

The reception which the new year has been received by jobbers and auto owners has been very gratifying to the inventor and producers and he is looking forward to quite an increase so that expansion of his present manufacturing facilities will be needed, and a number of employees be given year round work in this home plant.

If other people could muss up other like home production plants it would indeed add to the economy program of the Glades area. Mr. Daniels opines that he will be able to add to his line of products, in the way of wall novelties and table adornments. He has already produced a number of fast-stimiles of brem, bass and other fish. He is also messing around with cypress knots and knots.

**Sofball Strikes Hard At Indiantown Village**

Indiantown over in Martin County does not have many attractions for its rural citizens. To overcome that situation several soft ball teams have been formed, a new diamond fitted up, and lights installed, and games will be played at least twice a week. Teams from Belle Glade, Pahokee and east coast towns have been invited to come over there to play the home team, or intercity games.

**Local Shoemaker Comes Back From Arkansas Trip**

H. M. Mathews, our local shoe repair man, who went to his old home at Portland, Arkansas, for rest and his health, has returned home very much improved from his athletic and sinus attack. He was forced to spend several days in the hospital while he was away.

He reports crops looking exceedingly well that state and along the route of his trip. Mr. Mathews was accompanied home by his younger brother, Archie, who will be his guest for several weeks.

**Job Placement Upward In State Says Bureau**

The Florida Industrial Commission reports that its Employment Service Division filled 9,747 jobs during July, only 500 below the number placed a year ago.

However, the 15,850 persons making new applications for work was almost 2,000 above the number a year ago. A total of 66,615 were seeking employment through the 34 Employment Service offices in the state at the beginning of August.

The manufacturing jobs filled rose 23 percent from June and 52 percent above a year ago. The opening of a crate mill in the Bradenton area and increased production of lumber and wood products in the Perry area, as well as increased placements in ship repair in Tampa, accounted for the upturn in manufacturing placements.

Construction placements were down 20 percent, and services registered slight decreases in July as compared with June.

Occupationally speaking, there was a 40 percent increase in the number of jobs filled with semi-skilled workers in July over those in June. Skilled placements showed an increase of 15 percent during the same period. Small declines were noted in placements of unskilled, service and clerical workers. Professional and technical placements remained approximately the same.

Florida employers have listed approximately 11,500 jobs each for June and July with Employment Service offices, only two thousand less than at the same time a year ago.

**Many Government Positions Open For Applicants**

A new Clerk examination was announced today by the United States Civil Service Commission for filling positions at \$2,284 and \$2,498 a year (grades CAF-3 and 3), in various Federal agencies in Washington, D. C., and vicinity.

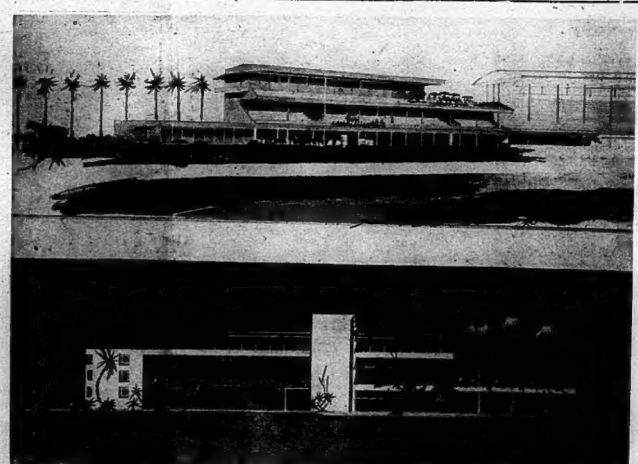

The Commission held a similar Clerk examination last March but not enough eligibles were secured as a result of that examination to fill, on a permanent basis, the Clerk jobs now occupied by war service and temporary employees, and to fill future vacancies that will occur through turnover.

Among the types of clerk positions to be filled from this examination are: Appointment, correspondence, docket, accounting, time, leave, pay-roll, statistical, coding, test rating, property and supply, mail, file, information, proofreading, editorial, indexing, purchasing, traffic, transportation rate, etc.

No previous training or experience in clerical work is required. To qualify, applicants will be required to pass a written test which will consist of questions designed to test their aptitude for learning and adjusting to the duties of the positions.

A higher standard will be required for eligibility for grade CAF-3 than for grade CAF-2. Sample questions will accompany the examination announcement. The age limits, 18 to 63 years, are waived for persons entitled to veteran preference and, under certain conditions, for war service employees.

Further information and application forms may be obtained from the Civil Service Commission's Local Secretary, Mr. M. K. Wright, located at Belle Glade Post Office, from Civil Service regional offices, or from the Commission's Washington office. Applications must be received in the U. S. Civil Service Commission, Washington 25, D. C., not later than September 6, 1949.

**GULFSTREAM PARK, Jacksonville, August 17.**—Glorious Gulfstream Park is about to round the turn a full length ahead of its already enviable reputation as the showplace of the nation with a new \$750,000 club house now on the drawing boards.

In announcing plans for the three-quarter million dollar project today, President Jimmy Dunn of Gulfstream indicated that the Broward racing course was headed toward a program for topping the facilities of any horse track in the entire south.

"With this new and modern three-story structure Gulfstream Park need not bow to any track in the country so far as facilities, beauty of environment or convenience of the public is concerned."

Pointing out the easy accessibility of Gulfstream Park to all of metropolitan Miami and the short run from Palm Beach and all points in between, there was no discounting the logic of Dunn's comment to the effect that by topping the facilities and appearance of other tracks, that it was but a step to topping receipts also.

"It's just a base of the man who makes the best mousetrap again," remarked the canny Scot. Last season's figures for the present building plus the beauty and added convenience afforded by such a clubhouse. Seating accommodations will serve 2,000 persons, with additional large dining room capacity.

An oval betting ring consisting of fifty windows is centered in the rotunda on the first floor. Adjacent elevators, escalators and stairways make it easily accessible from the upper floors. A bar servicing the rotunda adjoins and also serves the large dining room. Built on an angle to follow the curve of the track it overlooks the landscaped gardens. Other features include the kitchen and various storage rooms. Rest room facilities are located here as on all other floors.

On the second floor the entire east frontage is taken up with

grandstands. From here can be seen an excellent view of the track and finish line and of the oval lake in the center of the course, bright with colored sailboats. A concession is located at the rear of the grandstands.

The third floor is for members of the Turt Club. The office of President James Dunn is located here, overlooking a sizable terrace. In addition to a lounge, it also features a second dining room. As on the second floor, the portion overlooking the track is utilized as a grandstand. It affords not only a good view of the entire track, but also a glimpse of the sea.

The overall picture of this magnificent structure is one of beauty and sturdiness. It is a tribute to architect, Robert M. Little and President James Dunn under whose management Gulfstream Park has become the most beautiful race course in the South.

**Employment Offices Now In New Location**

The State and Federal Employment Bureau offices have been moved from the Hendry block on Northwest Second street to rooms in the Belle Glade Hotel building, formerly occupied by the Beauty Shop Salon. Here they have a large and commodious office and a handy set-up for performance of work. This gives the Bureau a mid-city location, handy to locate and reach.

**Another Big Land Sale Over Near Indiantown**

Another large sale of farm lands over in the Indiantown sector of Martin County has been placed on record in Stuart. The Miami Fruit Industries, Inc., sells parts of four sections of land to Raymond Gier, William Galsford, Joseph B. King and Harlow P. Devock, of Ft. Lauderdale and Dania, for \$27,100, which includes the assumption of \$13,000 mortgage. The land will be used both for vegetable raising and cattle pastures.

**Are You A "GREEN-EYED" PEDESTRIAN?**

No—he's not color blind, actually. But mentally he "sees green" no matter how red the light or how thick and fast the traffic. He's the pedestrian who disregards all safety warnings to dash across streets and highways in the shortest possible time, regardless of danger.

He's one of the most vexing problems of traffic and safety officers, and a heavy contributor to the 195 pedestrians who were killed on Florida's highways in our first peace year. This year his clan is increasing by leaps and bounds, literally!

Have you ever been guilty of "green eyes"? How many times have you ignored the red light and started across only to be pinned down at the half-way mark with speeding traffic fore and aft?

Take this as your personal warning. The next time your luck may not hold. Make a little life-saving resolution right now to walk safely and live longer.

**THE CHIEF SAYS**  
Continued from page 1  
should have their cars under control in approaching street intersections, bridges and stop lights.

He gives the following courtesy suggestions to all motorists: Use hand signals to keep the driver behind you aware of your intentions.

Remember that your share of the road is the right hand side, not fifty-fifty down the middle.

Yield the right-of-way to the other fellow has it, and don't insist in fighting for it when someone tries to take it from you.

Give the pedestrian a break—no human body is no match for 3000 pounds of steel.

Don't try to use your horn as a battering ram.

The idea that the Chief is attempting to get over to our citizens are emphasized in this safety guide none whose author is unknown.

If everyone who drives a car could live a month in bed with broken bones and stitches—up wounds, or fractures of the head.

And here endure the agonies that many people do. They'd never need preach safety to anyone to me or you.

If everyone could stand beside the bed of a close friend. And hear the doctor say "no hopes" before that fatal end.

And see him there unconscious, never knowing what took place.

The laws and rules of traffic I am sure we'd soon embrace. If everyone could meet the wife and children left behind, home where once the sun-light shined.

And look upon the vacant chair where Daddy used to sit. I'm sure each reckless driver would be forced to think a bit.

If everyone would realize pedestrians on the street. Have just as much the right-of-way as those upon the seat.

And train their eyes for children who run recklessly at play. This steady toll of human lives would drop from day to day.

If everyone who drives a car would heed the danger signs. Placed by highway engineers who also marked the lines.

To keep the traffic in the lane and give it proper space. The accidents we read about could never have taken place.

AND last—if he who takes the wheel would say a little prayer. And keep in mind those in the car dependent on his care.

And make a vow and pledge himself to never take a chance. The great crusade for safety can now suddenly advance.

**Aparist Markham**  
**Gathers Horse Harvest**

Aparist F. C. Markham is busy these days "robbing" his wide spread bee hives of their honey. He reports the harvest as very satisfactory and of excellent quality. Weather con-

ditions have been rather favorable for bee working this season. He found several "nests" where persons had made an attempt to break into the hives, but the "busy bees" must have made it warm for them for they got none of their gathered and stored nectar.

**CITY VISITORS GET**

Continued from Page 1  
From 10 o'clock the cortege was wheeled to Belle Glade and over the top of the dike road to Solly's fishing camp, then to the Country Club of the Everglades, where an embarkment was made for a rest and program period. Here H. L. Spear, assistant county agent, made a talk on the new cattle raising industry of the Glades, and H. Bair, of the Experimental Farm staff, gave a short resume of what had been accomplished in the development of the Big Joe strain of field corn, and presented each visiting guest with an ear of corn as a souvenir.

From Belle Glade the caravan next visited the Anderson corn field at South Bay, and witnessed the manner in which corn is handled in various processes, both as to dry kernal corn, and as cattle feed mixtures.

The party arrived at the Clewiston Inn about 11 o'clock. Those who desired to visit the Sugarland ranch to the fine estate with there, and Superintendent Sid Crochet was mighty happy to show off the animals, which have been brought about by cross breedings from the leading pedigreed strains, into the finest of beef cattle.

The City of Clewiston, the Chamber of Commerce and the U. S. Sugar Corporation were the hosts of the 125 barqueeters, the Corporation providing the fine roast beef dinner which was served. This latter was a surprise feature of the occasion.

Ed Stumpf provided himself a versatile master of ceremonies after his introduction by Mayor Allison, of Clewiston. Ed kept the ball rolling in his introduction of West Palm Beach leaders and political office holders.

Henry O. Earwood, president of the Chamber of Commerce, doing the speaking honor for Belle Glade, Frank R. Y. Patterson for the sugarland City of Clewiston. The response was made for the visiting Chamber of Commerce by Carl Dernberg.

The toastmaster interspersed the speaking program to introduce the famed Kiwanis Club male quartet who sang three selections: "Girl of My Dreams," "Dixie Girl Waiting For A Yankee Doodle Boy," and "Sweet Kentucky Babe," greatly to the pleasure of the audience.

Senator John Bescham, Chairman Lake Lytle of the Palm Beach County Board of Commissioners, and Representative Stewart all talked on semi-political topics, covering Roads, Flood Control and Taxation questions.

Lytle attempted to clear up the record of the Commissioners as to why that the South Bay-Clewiston Highway had not been improved. He placed that blame on the shoulders of the State Highway Commission.

Senator Bescham dwelt on Flood Control, and how its approval had met with unanimous endorsement by the Legislature, how the tax monies needed to be provided to match Federal funds had been placed in the state appropriation bill for \$3,500,000 covering a ten year period, or a total in excess of 37 million, which the Legislature hopes to provide during the coming special session of the Legislature. He praised the outlook for the future of the Glades area. He stated that the balance of the state wanted us to expand and grow, for as we prospered so would they, for without our taxes, they would have little from their own resources.

Representative Stewart, who was the principal speaker, and the oldest member in point of service of the State Legislature, took great pleasure in pricking Commissioner Lytle, Senator Bescham, with his humor and significant undercurrents, much to the merriment of the assemblage.

His main topic was the good that could be accomplished by co-operation between political and civic bodies. He did take a heavy rap at the forgotten road improvement project as dored unanimously last year, and which Mayor Patterson dubbed "The Fuller Road," as it is full of holes and full of humps. "Hopes for its building are still entertained."

To bring the most delightful and successful party to an end the Merchants' department of the West Palm Beach Chamber of Commerce, distributed to the representatives of the various Glades municipalities a large number of very valuable gifts of an assorted nature, gifts of city merchants.

It was suggested that the third pilgrimage to the Glades be made during the harvest and packing house activity period,

which will likely be adopted for the 1950 visit.

**BILL PIERCE HAS**

(Continued from page 1)  
looked forward to the future in Glades progress. "Pierce proudly states that he never took a drink of liquor or used tobacco in any form, or gambled, in the customary sense of the word, and only twice was out later than midnight."

In his younger days, he picked up a bicycle which was lost by President William McKinley, which he still possesses. On it he made a transcontinental trip from New York to Los Angeles, leaving the east coast city on September 3rd and ate Thanksgiving dinner with the Mayor of Los Angeles. He was also the guest of President Herbert Hoover, and the President of the Mexico.

Pierce owned a 1900 Model Sears automobile manufactured in St. Louis by the Sear's Carriage Company. Ten years ago Pierce cut quite a swath with this old jalopy, by entering it into races at West Palm Beach and Miami. He has the machine stored, and expects to some day have it rebuilt to its original condition. It is very valuable as an auto relic, and some day may reach the Smithsonian Institute in Washington.

Some years ago, Pierce, for a fortunate investment, secured valuable land rights in the boro canal, and on it he has a small business center, with valuable business and residential properties. Pierce has been an auto mechanic, a garage proprietor, built houses and business blocks, trucked, farmed and in all has been a very busy man.

He has a pretty good insight into the canin business, and is consulted when it comes to mechanical devices for the trade.

**Turkey Raising**  
**On Increase**  
**On Florida Farms**

An expected Florida production of 1,775,000 pounds of turkey by the end of this year is a lot of turkey but still inadequate to meet consumer demand in the State, the research and industrial division of the Florida State Chamber of Commerce stated yesterday in its weekly review.

"Florida's turkey raisers started last year with a flock of 22,000 birds, less by 2,000 than on the first of 1948. However, the growing season has been favorable and production should exceed that of 1948."

Last year 107,000 birds with live weight totaling 1,670,000 pounds were raised in the state, far below the volume needed to fill Florida's 125,000 family pots during the holidays.

"For the past two years Florida turkey raisers have received the highest prices paid to turkey raisers in any state: 50 cents in 1947 and 574 cents in 1948. These good prices grossed raisers \$396,000 in 1947 and \$977,000 last year."

**Dr. Sheely, Animal**  
**Industry Leader At**  
**University, Retires**

Gainesville, Fla.—Dr. A. L. Sheely, head of the animal industry department at the University of Florida and a leading figure in the state's livestock field, is retiring August 31. After 30 years on the University faculty, he plans to enter private veterinary practice in Gainesville.

He has been named professor emeritus on the University faculty.

Since 1935 he has directed teaching, research and extension work in animal industry, including divisions of animal parasites and diseases, dairy husbandry, nutrition, poultry husbandry, animal husbandry and dairy products.

He came to the University of Florida in September 1918 as professor of veterinary science. In 1925 he was made veterinarian with the Agricultural Experiment Station and in 1928 became head of the Station's animal husbandry department.

Dr. Sheely has written, either alone or in conjunction with others on his staff, a number of popular and useful bulletins of interest to Florida animal raisers. The Agricultural Extension Service recently published two cartoon circulars prepared largely by him and dealing with the prevention of Poultry, the Pig outlines the tribulations of a porker in growing and getting to market, while Cattle, the Cat tells a parallel story in the beef animal field.

Dr. Sheely has served as chairman of the Florida Livestock Loss Prevention Committee since it was organized four years ago.

A native of South Carolina, he is a graduate of Clemson and McKillip Veterinary College in Chicago.

He is a member of the American Veterinary Medical Association, American Society of Animal Production, American Association for the Advancement of Science, Florida Veterinary

Medical Association, Florida Academy of Science, National Block and Bridge Club, American Legion, Kiwanis Club and Presbyterian Church. He is a past president of the Gainesville Kiwanis Club and of the Florida Chapter of Phi Kappa Phi.

**Moore Haven Veteran**  
**Buried in Ft. Myers**

Lee Roy Yates, a prominent citizen, and war veteran of Moore Haven, Crickens with illness while in Clewiston on business and later died at the Clewiston Hospital. He was 60 years of age and a member of the American Legion and Veteran of Foreign War Posts, who conducted military ceremonies at the Ft. Myers cemetery, where internment was made on August 16th. Rev. Gordon Shaw, of the Methodist Church, conducted the regular farewell services at the Moore Haven Methodist Church.

**Solved By Sheriff Hancock**

Owners of marine properties in and around Stuart have been having equipment stolen of late in great numbers. Sheriff Hancock in his investigations got a trail which resulted in the arrest of Harry Smith, Henry Frisbie and R. W. Woods, and one "Doc" Williams. Williams admitted that he handled the "Hot Goods," but had no hand in the robberies. A large amount of the stolen property was located and returned to the owners.
